Please make every effort to be present for all rehearsals and services. We ask that you not schedule sleepovers and late nights in the city on the Saturday before a choir Sunday – it makes for a very difficult morning for us all! If you miss your regular rehearsal day, you may come to your other rehearsal day. We expect you will notify us of conflicts for **both** rehearsals and services as much in advance as possible; absences due to sickness should be communicated as well. We sincerely appreciate your cooperation and consideration!
